**Arts, Letters, Society** - Paul Edward Hedley Hair 1996 "No Arts; No Letters; No Society; and which is worst of all, ... the life of man, solitary, poor, nasty, brutish, and short."—Thomas Hobbes (1588–1679) The University of Liverpool pioneered the system, now general among British universities, whereby departments of related disciplines are grouped into "Faculties" with administrative and academic responsibilities and powers. The first Faculty at Liverpool with these commitments was the Arts Faculty, whose initial meeting was held in December 1896. Commemoration of the centenary of the Arts Faculty was marked by the publication of this volume. The book contains reminiscences by former students relating to each decade of the century, and also the reminiscences of a number of former Deans. Essays “informative and critical” have been contributed by recent and present members of staff. They include an account of the buildings occupied by – and in some instances designed for – the Faculty of Arts; a 1950s dialogue by the late Kenneth Muir, the distinguished Shakespeare scholar; and a study of J. M. Mackay, the Highlander who in the 1890s was the prime advocate of a Faculty system. The volume concludes with an essay by Professor Stephen R. L. Clark analyzing the position of Arts today and pointing to the future.

**English Studies in Indian Universities** - Ravindra Baburao Tasildar 2019-01-22 Right from its formal introduction in India in 1835, through Thomas B. Macaulay’s Minute, English has been intrinsically linked with the employment prospects of Indians. During their regime, the British promoted English education to fulfil the requirement of English-knowing Indians for administrative purposes. Owing to globalization, the last few years have witnessed the opening up of thousands of lucrative job opportunities for graduates proficient in English. English has gained importance in India as the language of opportunities. In colonial India, English education was a passport to government jobs, while in the twenty-first century, proficiency in English is essential for private sector jobs. This book examines the development of curricula in English in Indian universities vis-a-vis the needs of second language learners studying in Special English programmes of Bachelor of Arts (BA). It also reflects on how globalization has strengthened the connection between English and employment.

**Teaching Communication** - Graeme Burton 2002-01-04 We learn most of our communication skills without consciously working at them. Teaching Communication sets out what those skills are and how to develop them.

The Life and Times of Lokmanya Tilak- Nandini Saraf 2012-01-01 The word ‘lok’ means public and ‘manya’ means accepted. Thus lokmanya means a person who has been accepted by people. In his context it means accepted by people as their leader. Keshav Bal Gangadhar Tilak was recognized by the British as the Father of the Indian National Movement because of activities that stirred feelings of nationalism in the hearts of every Indian. Though his ideals often differed from Mahatma Gandhi, his views regarding crucial matters were sometimes accepted many times by Gandhiji. A revolutionary and social reformer in the true sense of the word, he was a freedom fighter who elicited esteem from all, even his enemies. His indomitable spirit was appreciated by people. He voiced his opinions in speeches and through the newspaper, and everyone especially the British feared his speeches as well as editorials for they provoked Indians to fight for freedom. The British tried to put a ban on them, but did they succeed? The book observes Tilak’s multifaceted personality through the eyes of people. It is a beneficial book for students, scholars and historians alike.
